AUREOLA. 5002. (Triumph.) Attractive large flowers of red with broad yellow edge. The flowers are of beautiful form and are carried on tall, straight stems. A very striking variety.

DORRY OVERALL. 5005. (Darwin.) A large flower of great substance is carried on a tall, strong stem. The handsome flowers are of clear lilac-blue somewhat lighter at the edge. Largest and tallest of this type.

ORANGE BEAUTY. 5008. (Breeder.) A magnificent flower of bright flame orange. A new variety that fairly sparkles in the sunshine. It makes a tremendous show in the garden and has remarkable lasting qualities.

PRIDE OF ZWANENBURG. 5010. (Darwin.) Flower of vivid salmon-pink with a narrow edge of bluish rose at the margin. The large flowers are held on erect stems with unusual long lasting qualities.

PRINCESS MARGARET ROSE. 5012. (Cottage.) Brilliant yellow flushed with orange red. The flower is substantial, well formed and large, stem strong and wiry. A lovely combination — where a bright color is needed it is superb.

SCARLET BEAUTY. 5014. (Darwin.) Large, beautiful flowers of clear red, of great substance and unusual long lasting qualities. Robust, bold and colorful making an impressive show in the garden anywhere.

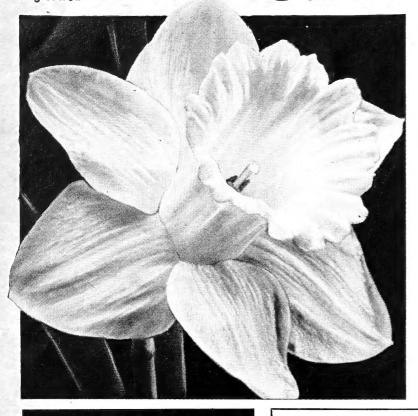

WHITE CITY. 5015. (Cottage.) A strikingly beautiful flower of pure white. Flowers have excellent substance stems erect and strong. Truly a rare beauty. May we suggest that you try a few of these to add beauty to either bed or border plantings.

YELLOW EMPEROR. 5016. (Cottage.) Rich deep golden yellow, darkening with age. The blooms are enormous with petals of unsurpassed substance and of fine lasting quality. Rather late.

King Alfred

GIANT DAFFODILS

These giant-flowered Daffodils will achieve the gayest most striking color effects in your garden for years to come. Easy to grow; require very little care. They multiply rapidly, doubling in number each year.

KING ALFRED. 5353. A king among the fine varieties. Rich, lustrous golden yellow throughout. Perianth often measures 4 inches across, trumpet full 2 inches. The finest of all golden yellow Narcissus.

CHEERFULNESS. 5351. A beautiful Gardenia-type Narcissus; each bloom has 40 to 50 milk-white petals. Vigorous growing; well-formed flowers, very fragrant. A good hardy grower which forms nice clumps in a short time.

GERANIUM. 5352. A variety well worth growing. The pure white perianth is round and flat, more than $2\frac{1}{2}$ inches across. The cup is very brilliant orange-scarlet. Strong grower, fine substance and wonderfully free flowering.

WHITE KING ALFRED. 5356. A sport of the yellow King Alfred, and a most unusual Daffodil. Flowers are all-white, very large and well-formed. Early blooming. It grows well, blooms freely and has long stems. Early blooming.

PRICES ON ABOVE VARIETIES:

MOUNT HOOD. 5354. A magnificent, pure white Daffodil. This is considered to be the largest, and best white trumpet. A strong grower. Exceptional substance, long lasting, better bloomer, belongs in every collection.

Imported Bulbs 20 Mixed Bulbs for only \$7.35

5203. The prettiest and most popular early Spring flowers. Five dainty and attractive colors. All jumbo bulbs that will bloom early in the spring, with several blooms to the bulb. They are much more satisfactory than the smaller bulbs which produce only one flower. Plant them liberally in masses for most effective display. Crocus can be planted in any place and once planted they come back year after year with an increasing richness of flowers. Mixed colors only. 25 Bulbs for \$1.65; 50 Bulbs for \$2.95; 100 Bulbs for \$4.95, Postpaid.

AMARYLLIS -> (Halli)

5301. Easy-to-grow, hardy plant. Produces very large, showy Lily-shaped flowers. Attractive green foliage appears first in spring and persists for a month or so, followed by sturdy

flower stalks which shoot up to a height of 2 to 3 feet. Each stalk is crowned with a cluster of beautiful, large flowers of a delicate lilac-pink. Perfectly hardy: will produce year after year, and requires very little care. **Jumbo blooming-size** bulbs, 95c each; 2 for \$1.80; 4 for \$3.25, postpaid.

5204. Small spikes of rich, deep blue. One of the most charming of spring-flowering bulbs which blooms during daf-

fodil-time in April. These delightful dwarf-growing plants are ideal for low borders, along walks and edging for flower beds. They like full sun, and will grow equally well under trees and shrubs. Their dazzling blue color will add sparkle to your plantings. They require very little care and increase rapidly from year to year.

PARROT TULIP COLLECTION 5109X

BULBS, 3 each of the seven \$2.95 varieties listed for only......

These distinctive Tulips are entirely different from all others, due to their attractive fringed and waved flowers. They bloom with other tall growing varieties. Priced low so you can include them

> BLACK PARROT. 5101. A welcome color addition to this interesting family of Tulips. It is a sport of the purple-black Philippe de Comines. This is entirely a new color in Parrot Tulips. Large deep velvety maroon, almost

black. Fine substance. 3 for 65c; 5 for \$1.00; 10 for \$1.75; 25 for \$3.95, postpaid.

BLUE PARROT. 5102. 26 inches. a glorious flower of bright violet, shading to steel-blue. As blossom opens it gradually changes to a most pleasing blue; very large flower with strong stem. Sport and color of Darwin Tulip, Bleu Aimable. Highly recommended. 3 for 60c; 5 for 90c; 10 for \$1.50; 25 for \$3.50, postpaid.

FIREBIRD. 5103. 20 inches. A grand new addition to the Parrot class, of a penetrating red, with the center of the beautifully ruffled

petals marked green on the outside. Huge in size and very colorful. Tall growing and strong stemmed. It is really gorgeous! 3 for 60c; 5 for 90c; 10 for \$1.50; 25 for \$3.50, postpaid.

FANTASY. 5104. A beautiful salmon-pink. This Tulip being a sport of Clara Butt produces a very similar color to Clara Butt, but deeper pink inside the petals. The lacinated petals, the delicate coloring and unusual form, create a flower of rare beauty. 3 for 60c; 5 for 90c; 10 for \$1.50; 25 for \$3.50, postpaid.

ORANGE PARROT. 5105. Dark orange with faint markings of old gold. Very strong stem, which holds the colossal flower upright. Undoubtedly the best Parrot in this color. A center of attraction. 3 for 65c; 5 for \$1.00; 10 for \$1.75; 25 for \$3.95, postpaid.

NEW PARROT TULIPS

PARROT WONDER. 5106. A sensational new flower - a sport of the Darwin Tulip, Pride of Haarlem. The glistening purple red blooms are of great substance, extremely large with heavy petals. About 22 in. Flowers last from 3 to 4 weeks in garden or when cut. 3 for \$1.00; 5 for \$1.50; 10 for \$2.75, postpaid.

TEXAS GOLD. 5107. This is a novelty of great value, it is a sport of Inglescombe Yellow, flowers are the same glossy golden yellow color streaked with red. Blooms are heavily lacinated and open to an enormous width. A beautiful and striking new Parrot Tulip. 3 for \$1.00; 5 for \$1.50; 10 for \$2.75, postpaid.

Peony-Flowered DOUBLE TULIPS

These gorgeous Tulips are among the last to bloom, ending the season with a breath-taking burst of color. The flowers are very large, full double, resembling α peony in full bloom.

ROCKET. 5154. The newest red Peony-Flowered Tulip and a beauty! Immense blooms of rich deep red.

EROS. 5151. Beautiful shade of clear old-rose. Makes a fine display. Height 20 inches.

UNCLE TOM. 5156. Deepest, glistening red. Extra double, fine flower shape. Height 22 inches.

MT. TACOMA. 5152. Magnificent pure white. Enormous flowers. Height 18 inches.

NIZZA. 5153. Light clear yellow with Scarlet-red stripes. Exquisitely formed blossoms. Fine for cutting and excellent for border plantings. Height 22 inches.

MARIE

- It is agreed by experts that fall is an ideal time to plant nearly all varieties of trees, shrubs, and plants. The early fall rains give them a flying start.
- Many shrubs and plants planted in the fall will bloom exceptionally well in the spring, whereas, spring planting may not be favorable to an early bloom.
- The condition of the soil is usually very excellent for successful transplanting in the fall. A wet spring or a dry spring might make it impossible for you to plant.

WE RETURN ALL PAPERS. All papers pertaining to your orders will be returned to you when the order is acknowledged. Do not destroy them. If it becomes necessary to write us AT ANY TIME in regard to your order, be sure to return everything, including correspondence, original order and shipping tags. It is not necessary to return planting instructions.

WE PAY POSTAGE ON MOST ITEMS

You will please note that most items listed in our Fall Catalog are delivered to you postpaid, and are so listed. This saves you money.

There are, however, some items that are too large to ship by parcel post, such as fruit trees and shade trees. There are items such as hedge plants and some varieties and quantities of berry plants that are listed at such a low price for the high quality of stock that we cannot afford to pay the shipping charges. These items are shipped to you transportation charges collect.

In some orders there are trees which must go by express, and also some stock which would ordinarily go by prepaid parcel post. In order to avoid making two separate shipments we send the entire order by express. For this privilege we include extra stock which has a greater value than the amount of the extra transportation charges. When selecting this extra stock for you we choose items that fit in with the other items on your order.

ORDER BY

Mail order buying of nursery stock is the best way, because plants are handled by experts and they do not lie around under the questionable care of incompetent persons. We will ship at the proper planting time. Strawberries cannot be shipped until

OUR GUARANTEE

We guarantee high quality stock, exactly as represented. Government inspected, true to name and to arrive safely, in a healthy, live growing condition.

REPLACEMENTS — We guarantee our plants to

REPLACEMENTS — We guarantee our plants to grow, if given intelligent handling, proper planting and reasonable care. Weather conditions, carelessness, and lack of experience by the planter, are conditions beyond our control. Regardless of this, EMLONG'S will replace any plants that fail to grow, at half the original purchase price, if notice of failure to grow is made by April first the following Spring.

1. Our nursery stock is all state inspected by experts.

- experts.
- 2. Our nursery stock is free from disease.
 3. Our nursery stock is backed up by 60 years
- Our nursery stock is backed up by 60 years of growing experience.
 The quality of our nursery stock is excellent, because it is grown by experienced propagators and skilled help.
 Our nursery stock is guaranteed to give satisfaction.

Hardy EDGES

- HARDY PRIVET (Amoor River North)

1110. Easiest to grow of all Privets. Very hardy; thrives under favorable planting conditions. Makes an attractive hedge in all seasons with its glossy green leaves and clusters of white flowers, followed by berries. Trim to desired height and shape any time during summer. Leave untrimmed for foundation and screen plantings. Set bushes 9 to 12 inches apart. For a wider hedge, plant 2 rows, alternating the plants. Well branched, well rooted bushes.

ROSA MULTIFLORA - A Living Fence-

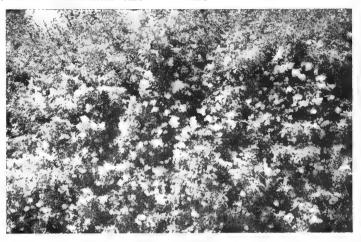

1112. Now you can have a natural living fence that will last for years, without expensive upkeep. **Rosa Multiflora** is the amazing new hedge material that garden and farm magazines have written so much about recently. The plants are very hardy; grow rapidly, and in just a few years will make a hedge dense enough to keep all types of animals in their place.

Eliminate expensive repair bills and maintenance costs by planting **Rosa Multiflora** wherever a fence is needed. Easy to grow; thrives under most soils and conditions of weather. Requires no training, pruning or clipping. Grows to a height of 8 feet, blooms each year. Plants should be set 12 in. apart.

ASCLEPIAS. (Orange Butterfly Plant.) 2068. Three to fourinch flat clusters of the brightest orange flowers you ever saw. Blooms from July until fall; highly scented flowers. Dwarf in growing habit; 12 inches tall. Very hardy; easy to grow. Bloom profusely year after year. 45c each; 3 for \$1.25, postpaid.

LYTHRUM. 2066. Stately, 3-foot plants producing great numbers of bright pink flowers all summer long. An excellent border plant, the leafy flower spikes, 12 to 18 inches long, make a very showy display. 60c each; 3 for \$1.65, postpaid.

BLACK KNIGHT. 2122. Deep violet with luminous velvety texture and black bee. Tall, graceful spikes. Strikingly beautiful. Particularly fine for cutting.

CAMELIARD. 2126. A clear lavender self with white bee with good growing habits.

GALAHAD. 2124. Giant pure white glistening flowers with white bees often reach three inches in diameter, and are of beautiful heavy texture on 4 to 5 foot stems.

GUINIVERE. 2129. A clear, pink-lavender self with white bee. Very large flowers.

SUMMER SKIES. 2128. As the name indicates, this is the blue of α summer sky, with white bees representing fleecy clouds; a color long sought in the Hybrid Delphiniums.

45c each; 4 for \$1.65; 8 for \$3.10; 12 for \$4.25, Postpaid.

HARDY PERENNIALS

CANDYTUFT. (Iberis.) 2032. Plants are dwarf, shrubby in growth, with dark green, evergreen foliage, and perfectly hardy. When in flower in the spring, they are covered with a mass of snowwhite flowers. 45c each; 3 for \$1.25, postpaid.

GAILLARDIA. Large flowers, blooms profusely all summer. Excellent for bedding, borders or cut flowers.

Burgundy. 2048. Large, full flower of dark burgundy-red. Sun God. 2052. Newest of the pure yellow Gaillardias. Huge blooms.

Dazzler. 2050. Bright golden yellow flowers with rich maroon centers.

Choice of colors: 45c each; 3 for \$1.25, postpaid.

SCABIOSA. (Pincushion Flower.) 2078. Large, show flowers of a particularly lovely shade of blue. Plants are very prolific; blooms from June to September. 18 to 24-in. tall. 45c each; 3 for \$1.25, postpaid.

Double Hollyhocks

Perennials

DOUBLE MT. SHASTA DAISY

2034. Beautiful, new double-flowering Daisy that will add distinction to your garden. Large pure white blooms with high tufted center and petals fringed at the edges. Tall growing with tough, wiry stems, perfect for cutting. One of the most popular and widely used of all hardy perennials because of its six-weeks blooming season in midsummer. For a great profusion of beautiful blooms for garden and bouquets, try a planting of this outstanding variety.

60c each; 3 for \$1.75; 5 for \$2.75, postpaid.

FOXGLOVE — Shirley Hybrid

2046. Beautiful "wedding-bell" flowers in a wide range of solid and two-tone colors with dotted throats. Flower heads are 2 to 3 feet long, thickly clustered with large bell-shaped blossoms. For continuous bloom nearly all summer cut off old stems when flowers fade. 40c each; 3 for \$1.00, postpaid.

ge er ge m.

Foxglove

VIOLAS

Often called Hardy Pansies. Plants grow 6 to 8 inches tall; thrive anywhere and bloom from early spring until frost. Perfect for low borders and masses of color in the rock garden. Your choice of colors: 2085, Admiration; 2086, Blue Perfection; 2087, Georgia Peach. 40c each; 2 for 75c; 4 for \$1.35, postpaid.

DOUBLE HOLLYHOCKS

New hybrid strain of an old garden favorite. One of the best background plants for hardy border and for a mass of color against walls and along fences. Produces large, double, very lovely flowers. Hardy, grows 5 ft. tall. Colors: 2059, Newport Pink; 2060, Chamois; 2061, Lilac Beauty; 2062, Scarlet Prince; 2063, Maroon; 2065, Golden Yellow. 40c each; 3 for \$1.10; 6 for \$1.95, postpaid.

A magnificent strain of Columbines, very large flowers with long spurs. Vigorous growing. A variety of lovely shades; colors very rich and striking. We offer the following colors: 2018, Crimson Star; 2019, Mrs. Scott Elliott Hybrids. 45c each; 3 for \$1.25, postpaid.

HIBISCUS — Mallow Marvel

2058. Immense, bell-shaped flowers measuring 7 to 8 inches across are borne on tall, erect canes. Easy to grow, very hardy. The wide range of colors makes a very showy display during August. Large, ornamental leaves. Mixed colors only. 45c each; 3 for \$1.25, Postpaid.

GIANT PANSIES

2069. This Giant Ruffled strain has great big ruffled flowers on long, strong stems. Blooms are every color imaginable. Foliage is attractive and very luxuriant. Pansies do better and bloom better when fall planted. Mulch pansy bed with 2 inches of coarse straw or litter after the ground

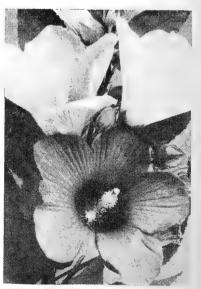

freezes. Try a planting for a touch of color along the border or in beds. Very striking, making a magnificent show when in full bloom.

HOLLYHOCK BARGAIN 2091X

6 Hybrid Double Hollyhocks, mixed colors, not labeled. All 6 only . . .

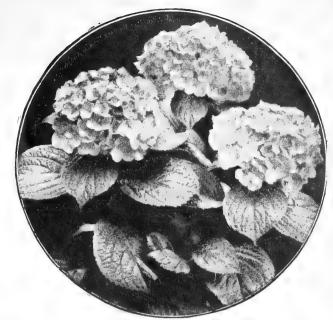

Beautiful Plants

For Your Home BLUE HYDRANGEA (Otaksa)

1374. The Queen of the most exclusive flowering shrubs. A mass of extremely beautiful deep blue blossoms from 6 to 10 inches across. Very hardy and very popular. Adored by all flower lovers. Grows 2 to 3 feet high at maturity. Attractive green, broad-leaved foliage. Makes a splendid addition to your garden or any landscape setting. \$1.75 each; 3 for \$3.25, postpaid.

PINK HYDRANGEA

1376. An exquisitely beautiful flowering shrub bearing a profusion of large, gargeous, pink blossoms during mid-summer. This very popular hardy Hydrangea grows 2 to 3 feet high at maturity and is one of the loveliest novelty shrubs ever introduced. 2 yr. blooming-age, \$1.50 each; 2 for \$2.75, postpaid.

Blue Hydrangea

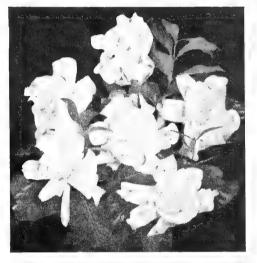

DWARF LEMON

2872. This easy-to-grow Ponderosa Lemon makes an interesting house plant that you will enjoy the year around. During winter blooming season the plant is covered with lovely white, fragrant flowers, followed by extra large lemons which are excellent for pies, lemonade. \$1.10 each; 2 for \$2.10, Postpaid.

DWARF ORANGE

2874N (Othaheite Orange.) A grand pot plant with attractive glossy green foliage and fragrant, waxy white blosoms tinged with pink. Fruit is about one-fourth the size of ordinary oranges; plants produce 10 to 12 oranges at a time. Beautiful and highly interesting. \$1.10 each; 2 for \$2.10, Ppd.

ROSE GARDENIA

2070. Though considered a hothouse plant, you can grow them successfully in your own home. In a sunny window, they will bloom all winter long, delighting you with their lovely fragrance and delicate beauty. Set them in the garden during summer, in sunken pots. Blooming-Age Plants, \$1.10 each; 2 for \$2.10, Postpaid.

PLATYCODON

One of the most satisfactory hardy plants for use in the flower border or rockery. The balloon-shaped buds, that later open into star or bell-shaped flowers, are borne at the ends of the slender leafy stems. The plants grow from 1 to 2 foot tall and produce flowers all summer. 2069, Pink; 2070, Blue. 40c each; 3 for \$1.00, postpaid.

ALYSSUM SAXATILE

2071. (Basket of Gold.) A very attractive and early blooming perennial useful in the border as well as in the dry wall or rock garden. Bright yellow flowers, silvery gray foliage. Height 1 foot. Blooms April or May. One of the showiest of spring flowers. 40c each; 3 for \$1.00, postpaid.

Alyssum Saxatile

Forget-Me-Not

MYOSOTIS Forget-Me-Not

2067. (Blue Bird.) Large, rich blue flowers with a yellow eye are produced freely all summer long. They are charming when used as borders; in the rockery, and they are especially at home when planted near a stream or pond. 40c each; 3 for \$1.00, postpaid.

2063. Giant 6-foot spikes solidly covered with purple flowers from top to bottom bloom in September. Unlike common varieties, September Glory comes into bloom all at the same time. Its grassy, linear leaves are produced in a thick tufty mass. 40c each; 3 for \$1.00, postpaid.

Lieteur

Emlongs Hardy CARNATIONS

Bleeding Heart

BLEEDING HEART

Dicentra Spectabilis

2022. One of the loveliest of the spring flowering plants. Bears numerous rosy-red, heart-shaped pend-

ant flowers on long, gracefully arching stems. Plants are hardy and bloom over a long period of time. Plants grow to a height of 2 feet. Especially suitable for the partially shaded border. Its ornamental foliage makes this perennial desirable both for borders as well as interior decoration. Perfectly hardy, does well in well drained soil. An old fashioned favorite that will add beauty wherever planted. 2 yr. Blooming age, 95c each; 3 for \$2.50, postpaid.

Emlong's Famous magical museum muse

Dwarf Growing — Cushion Type

GLAMOUR. 2248. A non-fading deep purple. Fully double blooms. Long lasting.

MIST-O-PINK. 2252. Beautiful shade of true pink. High centered double flowers.

RED GLEAM. 2226 Velvety red with chestnut haze.
One of the finest.

ROCKET. 2249. Huge mounds of bright red showy blooms. Perfect foliage and growth.

SUN DROP. 2228. Orange bronze buds develop into pompons of deep golden yellow.

65c each; 3 for \$1.85; 6 for \$3.50 postpaid.

PAINTED DAISY

(Pyrethrum)

2086. Painted Daisies produce the showiest flowers of all shades of color except blue and yellow. Each perfect petal appears to have been colored by an artist's brush! Flowers are produced very freely on tall, strong stems throughout spring and are unsurpassed for colorful bouquets. Plants grow in neat compact tufts and have elegant, finely cut foliage which adds to their attractiveness. For best results plant in groups of three or more, 12 to 15 inches apart, in the perennial border. You will be delighted with the gorgeous array of color they provide. 45c each; 2 for 85c; 4 for \$1.60, postpaid.

CREEPING PHLOX

(Phlox Subulata)

An early spring blooming perennial with moss-like evergreen foliage. During the blooming season, April and May, the foliage is hidden under masses of bloom. Ideal for terraces, banks, borders, rockeries. Phlox Subulata should be grown in full sun for best results. In shaded areas phlox will die within a year. A perfect plant to add a splash of color to unsightly areas. Choice of colors: 2180, Alba, white; 2186, Atropurpurea, deep carmine-red; 2182, Laphami, lilac; 2184, Moerheimi, charming pink. 45c each; 2 for 80c; 5 for \$1.85; 10 for \$3.50, postpaid.

Goldflame Honeysuckle

GOLDFLAME HONEYSUCKLE. 1516. Beautiful flower clusters large as your hand, bloom throughout the summer. Curved petals are brilliant rose-red outside and golden-yellow inside; exquisitely fragrant. Hardy, thrifty grower; blooms first year and every year from June until winter. 2 yr. field-grown plants, \$1.00 each; 2 for \$1.90; 4 for \$3.50, postpaid.

WISTERIA — Hundreds of graceful clusters of pea-like florets α foot or more in length cover the Wisteria Vine during May and June. Pleasantly different from the usual flower, these hardy Wisteria will lend α charming touch when grown on your fence, trellis or garden wall. Choice of 1522, Pink; or 1524, Purple. 2 yr. field-grown vines. \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid

EVERGREEN BITTERSWEET (Euonymus Vegetus). 1514. A strong growing variety, producing larger leaves and bright orangered berries. Will grow 25 to 30 feet high. For a perfectly hardy, evergreen wall cover, we recommend it highly. Berries remain on the plant most of the winter. 2 yr. field-grown plants, \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid.

BOSTON IVY (Ampelopsis Veitchi). 1510. Clings tenaciously to any surface. Once established, it grows rapidly and thrives in sun or shade. Glossy 3-lobed green leaves turn scarlet in fall. 2 yr. field-grown vines, 90c each; 2 for \$1.70; 4 for \$3.25, postpaid.

Evergreen Bittersweet

Purple Wisteria

EVERGREEN GROUND COVERS

PACHYSANDRA TERMINALIS. 1528. Beautiful waxy green leaves that stay green all winter. Thrives on banks and under large trees where grass refuses to grow. Set 1 to 2 feet apart, plants quickly spread, covering α wide area. 2 yr. plants, 5 for \$1.00; 10 for \$1.95; 25 for \$4.25; 50 for \$7.95; 100 for \$15.50, postpaid.

VINCA MINOR—MYRTLE. 1526. Attractive, glossy green leaves and lovely violet-blue flowers make a very showy and effective ground cover. Used extensively under shrubs and trees and on graves; in fact, in any shaded areas where other plants will not grow. 5 for \$1.10; 10 for \$2.10; 25 for \$4.75; 50 for \$8.25; 100 for \$16.00, postpaid.

LOMBARDY POPLAR

3952. Thrives on the poorest of soils and is the fastest growing shade tree. Stately, tall, naturally columnar in growth; attains a height of 75 feet or more at maturity. Branches from the ground up; needs no pruning. Dark green well-formed leaves have a lighter undersurface. This attractive tree presents a truly elegant aspect when planted along driveways and property lines, in parks and foundation plantings. For a dense green fence or windbreak, trees should be planted close together and trimmed off at the top.

MORAINE LOCUST (Plant Pat. No. 836)

New-Fast Growing Shade Tree

1220. This sensational new shade tree will provide good shade quicker than any tree we know of, and is superior to other fast growing trees. Moraine Locust is a hardy drought-resistant tree that grows successfully on a wide range of soils. Because Moraine Locust is sterile there are no unsightly seed pods to clutter up the lawn. Moraine Locust forms a large beautifully shaped head similar in appearance to the American Elm. The finely cut foliage allows enough light to filter through to promote excellent growth of lawn, yet shade dense enough to discourage the growth of Crab-grass. Try a planting of this beautiful fast growing shade tree this fall.

No Seed Pods - Fast Growing - New Hybrid **Excellent Shade in a Very Short Time**

1238. We are pleased to have the privilege of introducing this sensational hybrid Silver Maple to our customers.

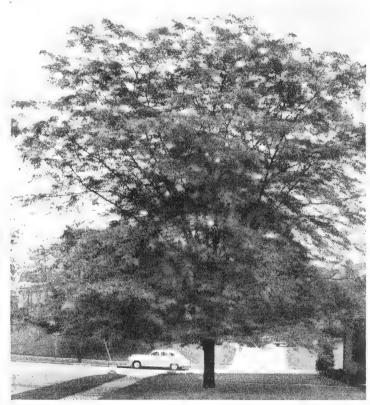

As you know, the Silver Maple has been an excellent fast growing shade tree for many years; its only fault was the production and shedding of seed pods that were such a nuisance. Consequently, Mr. Henry Kleine of Newport, Michigan, hybridized a maple for us that has developed into a wonderful fast growing, seedless tree.

The Silver Queen Maple is a drought resistant tree, hardy in all sections, and is adaptable to a wide range of soil types. It is a beautiful shade tree, has interesting cut leaf type foliage and is pyramidal in growth habit.

The rapid growth of this maple is the answer to the problem of our customers that want shade for their homes in a short time. It certainly won't be necessary to wait a generation for shade if you plant the Silver Queen Maple.

We at Emlong's know that fast growing shade trees are desired by many new home owners throughout the United States and to many the cost of planting a large shade tree would be prohibitive. Silver Queen is the answer to this; lots of shade in a short time at a reasonable price. The supply is limited, order early.

Moraine Locust

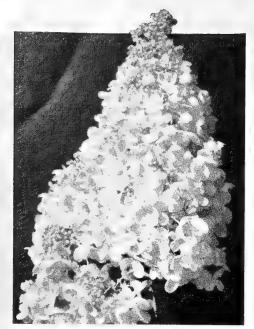

New "SUNBURST LOCUST"

Colorful New Shade Tree for Your Lawn

1294. (Plant Pat. No. 1313.) Now for the first time we can offer the newest of shade trees — Sunburst Locust. So called because 8 to 10 inches of the branch tips are covered with brilliant golden bronze foliage. The trees are more disease resistant than the common Locust and are completely free of thorns. It has excellent branching habits; it is symmetrical and broadly pyramidal. Hardy, long-lived trees that will grow in a wide range of soil and climates. Extremely beautiful when planted as a specimen in your garden or lawn. One tree will dominate your garden - yes, even your neighborhood. So be the first to have this beautiful new tree. . . . Order today.

Hydrangea, Paniculata Grandiflora

WHITE SNOWBALL

1404. Large, white ball-shaped flower heads bloom in spring. Lovely 3-lobed leaves turn shades of bronze and purple in fall. An attractive shrub in all seasons; desirable for lawn specimens and corner plantings. Grows 6 to 8 feet at maturity. 18-24 in. blooming-age plants, \$1.20 each; 2 for \$2.30; 4 for \$4.40, postpaid.

Calycanthus

Flowering Shrubs

HYDRANGEA P.G.

1372. Pinkish-white blossoms form large panicles 6 to 10 inches long and almost as wide. Blooms deepen to a rose shade in the fall. Shrubs grow 4 to 5 feet tall. Ideal for foundation plantings and borders. 18-24 in. blooming-age plants, \$1.00 each; 2 for \$1.90; 4 for \$3.60, postpaid.

SCARLET FLW. QUINCE

1396. Loads of bright scarlet-red flowers with golden stamens charmingly arranged along the stems in early spring. Foliage is green tinged maroon and very interesting. A medium height shrub, 3 to 5 feet tall; also makes a hardy, dense hedge. Small fragrant Quinces, rich in pectin, make delicious jelly. 18-24 in. blooming-age plants, \$1.00 each; 2 for \$1.90; 4 for \$3.60, postpaid.

DWARF CRIMSON SPIREA

1412. The neat, rounded bush, 3 to 4 feet tall, is covered with crimson-red flowers arranged in large, flat clusters from June until fall. Dark green, pointed leaves. Excellent for foundation plantings, corners or as individual specimens. Makes a low bush hedge that requires no trimming. Very hardy. 15-18 in. blooming-age plants, \$1.00 each; 2 for \$1.90; 4 for \$3.60, postpaid.

VIRGINALIS SNOWFLAKE

1420. (Double Mock Orange.) Blooms freely in June and July, and ocasionally thereafter. Produces large clusters of double and semi-double, white flowers with golden stamens; delicate sweet fragrance. Shrubs will thrive in sun or shade, in ordinary soil and moisture; grow 5 to 6 feet tall. 18-24 in. blooming-age plants; \$1.20 each; 2 for \$2.30; 4 for \$4.40, postpaid.

FORSYTHIA — Spring Glory

1360. A spectacular new Forsythia which bears large. pale yellow flowers which completely cover the branches in early spring before the leaves appear. Canes grow erect with gracefully drooping tips. Glossy green foliage. Grows 5 to 6 feet tall. Hardy in all sections of the country. 18-24 in. blooming-age plants, \$1.00 each; 2 for \$1.90; 4 for \$3.60, postpaid.

FORSYTHIA — Lynwood Gold

1356. This beautiful new Forsythia originated in Ireland The branches are erect and covered with golden

yellow flowers from top to bottom. The flowers of Lynwood Gold are not only borne more profusely, but the individual blooms are better and fuller in form as well as of greater substance. Ultimate height 5 to 7 feet depending on conditions. It is superb for cutting and flowering in the house during the winter months. 18-24 in. blooming-age plants, \$1.75 each; 2 for \$3.40; 4 for \$6.50, postpaid.

CALYCANTHUS

1340. Commonly called Sweet Shrub. The handsome, bronze-chocolate flowers produced in June are most entrancing because of their spicy fragrance. Odd looking pods develop later which are filled with brown, aromatic seeds. During the summer the plant is neat and handsome with glossy, corrugated foliage. Grows 4 to 6 feet tall. 18-24 in. blooming-age plants, \$1.15 each; 2 for \$2.20; 4 for \$4.20, postpaid.

HYDRANGEA A.G.

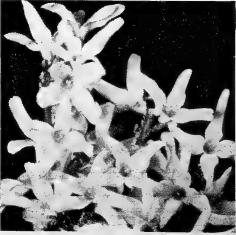

1370. (Hills of Snow.) Large panicles of pure white flowers in great abundance from midsummer through fall. Bushes grow 4 to 5 feet tall. Thrives in sun and shade. Attractive foliage all season. 18-24 in. blooming-age plants, \$1.00 each; 2 for \$1.90; 4 for \$3.60, postpaid.

Scarlet Flowering Quince

Virginalis, Snowflake

Forsythia

Beautiful, Fragrant, Huge Blooms

These giant hybrid French-type Lilacs will add beauty and distinction to your landscape plantings. Remarkably large flower panicles, 8 to 12 inches long, thickly massed with single and double florets; richly fragrant. French Lilacs make compact, shapely bushes. They do not sucker, but bear loads of flowers every spring. Desirable for lawn plantings and for Lilac hedges. Plant 5 feet apart; trim as desired. They grow 6 to 8 feet tall.

Choice of colors: 1384, Red; 1386, White; 1380, Blue.

Red Barberry

Japanese Tree Lilac

JAPANESE TREE LILAC

1387. (Syringa Jamonica.) An upright tree growing 12 to 15 feet or more with α short trunk and reddish-brown bark similar to that of a cherry. It is conspicuous in June and July with an abundance of long, large panicles of creamy-white flowers. Very showy when in bloom. This is not new, but very rare and unusual. Keep lower branches cut off for a well developed trunk. Very hardy for it comes from a very cold climate.

			Each	2
2-3	ft.	trees	\$2.50	\$4.75

Cardinal Shrub

CARDINAL SHRUB WEIGELA

1426. In May and June the bush is completely covered with trumpet-shaped flowers from top to bottom with scattered blossoms throughout the entire season. If the flowers are cut off, they will bloom even more freely than if left on. The flowers, which are 1 to $1\frac{1}{4}$ inches across, are rosy-red. Makes a shapely bush 6 feet or so tall with attractive rich green foliage. It is easy to grow, requiring no particular soil. Thrives in full sun or part shade.

Postpaid \$4.60 18-24 in. blooming-age plants\$1.25

Lilac, Persian Purple

PERSIAN LILAC

1390. A dwarf variety with slender, arching branches tipped with beautiful panicles of purple flowers. Blooms more profusely than common variety, bearing loads of flowers every spring; do not sucker or spread as old fashioned kinds.

Patent No. 1183 VERBEARING STRAWBERR

BEST THE TRUE EVERBEARER

BRILLIANT ACCLAIMED EVERBEARING CHAMPION

210. Brilliant has won all records for BIG YIELD and PERFECT BERRIES. Brilliant won first place out of tests with seven new and many older everbearing varieties. Brilliant produced 7,000 quarts per acre; 2,000 quarts more than any other variety.

BRILLIANT IS A TRUE EVERBEARER

Brilliant is the only everbearer that keeps fruiting steadily all summer and fall. Brilliant is a 100% perfect pollenizer and matures to full size, uniform shape, and even color.

BRILLIANT PRODUCES EARLY

Brilliant is the quickest berry maker you ever saw. The plants are so thrifty and vigorous that unlike other everbearers, the very first blossoms can be left on to bring you perfect berries just a few weeks after the plants are set out. BRILLIANT HAS STOOD EVERY TEST

During the droughts of past years many other Strawberry plants dried up while Brilliant produced its usual heavy crop of top quality fruit. Excessive Fall rains which usually hinder pollenization and spoil the crop of other everbearers do not affect Brilliant. Perfectly hardy, Brilliant does equally well on thin sandy soil, heavy clay, or raw muck.

BRILLIANT HAS MATCHLESS QUALITY AND FLAVOR

Brilliant berries are so bright and appetizing that you can almost taste them before they reach your mouth. They are rich and tangy in flavor, but lacking the acidity that is so common in everbearing berries. The tasty and juicy flesh is of firm texture and solid throughout. Fine for preserves, and tops for freezing.

GIANT MULTI-PURPOSE BLUEBERRIES

Useful as bedges; foundation plantings. Beautiful blossoms; delicious fruit all summer long.

New COVEL — Largest of All Blueberries

747. Larger berries — longer fruiting season. The best new variety offered for commercial use. The fruit grows in large clusters of extra-large, beautiful blue berries. Fruit has mild, sweet flavor and is uniform in size and shape. Healthy, vigorous plants. Very ornamental when in bloom.

COVEL BLUEBERRY PRICES:

		Each	2	5	10
2	yr.	 1.25	\$2.40	\$5.75	\$ 9.95
3	yr.	 1.75	3.40	6.95	12.50
4	yr.	 2.50	4.90	9.95	18.00

Giant, dark Blueberries covered with attractive blue bloom. Each bush is a fruit garden in itself. Berries are mild and sweet. Fruit ripens over a long season and keeps well on bushes and after picked.

The bushes are lovely in the spring with their huge clusters of Lily-of-the-Valley flowers. Leaves are stiff, waxy green, turning red in the autumn. Free from disease. Make the soil acid with peat moss or sulphur fertilizer. They thrive on dry land.

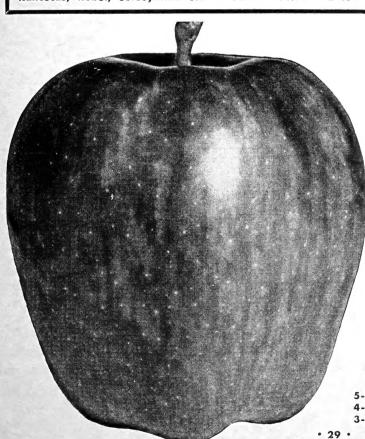

Blueberries can be shipped long distances and make a very profitable crop for the commercial grower. Plants usually start to bear the third year, and increase in productiveness until the tenth year. Plant two or more bushes for perfect pollenization; set 5 to 7 feet apart.

APPLE TREES

Emlong's Apple Trees will not only give you pleasant shade and lovely blossoms in spring, but a crop of large, delicious Apples too. Our trees are long-lived, quick-fruiting trees of highest quality producing an abundance of fruit. All trees are branched, well-rooted and will soon start bearing. Emlong's offer a selection of varieties that will provide fruit from early summer until late fall giving you a continuous supply of deliciously flavored Apples for eating "right off the tree", cooking and baking. Commercial growers and home gardeners alike, will profit by growing Emlong's Apple Trees.

yellow Delicious. 308. Queen of late fall eating apples. Mild, juicy, sweet, crisp, white flesh has a flavor all its own. Thin waxy-yellow skin. Our trees bear young and abundantly.

RED JONATHAN. 314. The favorite large beautiful red Jonathan so popular with commercial growers. Flavor makes this Apple unequalled for eating fresh and cooking. Very productive.

RED McINTOSH. 316. Emlong's large fruiting strain of McIntosh is a winner for flavor and quality. Large, red fruits with white flesh. Highly aromatic. Ripens in fall and a good seller.

YELLOW TRANSPARENT (Lodi Improved Strain). 324. Big crops of tasty Apples for pies and cooking during summer. Hardy, thrives in all soils and bears quickly.

RED ROME BEAUTY. 320. An all-red strain of the old Rome Beauty.

Trees are vigorous growers and yield heavy crops of large, evenly colored apples. Keeps extremely well.

RED DELICIOUS. 306. King of the winter Apples! Richly flavored, large, fragrant, solid red fruits. Outsells all others from coast to coast.

SWEET CHERRIES

BLACK TARTARIAN. 408. The very popular purplish-black Sweet Cherry, which ripens so early and has marvelously rich flavor. Trees are hardy and bear young and heavily.

SCHMIDT. 412. For the midsummer market there is none finer. Cherries are extra large, plump and uniform in size. Beautiful dark glossy black in color; superb rich flavor. Hardy, prolific bearer.

NAPOLEON. 410. The favorite golden Sweet Cherry with beautiful pink cheek, also known as Royal Ann. Fruits are very large and deliciously sweet flavored. Favored for canning and fresh desserts.

WINDSOR, 414. Fruits are large, dark maroon in color, with wonderful keeping and shipping quality. Very hardy and an abundant yielder. Self-pollenizing. We highly recommend Windsor for a well-rounded orchard.

ORNAMENTAL TREES

CARDINAL KING

Flowering Crab

1256. CARDINAL KING is a new, recent introduction and unquestionably the most colorful Flowering Crab ever produced! In full bloom, its beauty is truly breathtaking. Large, single blossoms of the most sparkling crimson-red imaginable, literally load the branches in early spring, presenting a picture of gorgeous, flaming color followed by green leaves. Give your yard new beauty and rich color accents by planting CARDINAL KING this fall. Trees are perfectly hardy; thrive

Crimson King Maple

Mountain Ash

# CRIMSON KING MAPLE

(Plant Pat. No. 735)

1208. Truly the best Red Maple grown. A great improvement over Schwedler's purple leaf Maple. In the spring the foliage is a much richer red and this brilliant coloring is carried through the entire season. Unquestionably, Crimson King is a superb tree for single specimens, along streets and driveways, and every landscape purpose; providing striking contrast among other trees.

Crimson King is hardy and grows rapidly; reaches 50 feet at maturity. Your lawn and garden will take on a new elegance and distinction with a planting of Crimson King.
